Everpure Insurice i2000² water filters

BENEFITS

- Reduces water-related ice machine problems caused by scale build-up from dirt and dissolved minerals
- Reduces chlorine taste and odour and other offensive contaminants
- Self-contained scale inhibitor feed keeps ice machines functioning at full capacity
- Reduces maintenance and service costs by reducing scale and clogging of distribution lines, evaporator plate and pump
- Precoat submicron technology reduces dirt and particles as small as 1/2 micron in size and reduces possible health contaminants such as cysts
- Sanitary cartridge replacement is simple, quick and clean. Internal filter parts are never exposed to handling or contamination
- NSF Certified under NSF/ANSI Standards 42 and 53
